INTRODUCTION

The CROSSRAY XPlor redefines outdoor cooking by combining the intense heat of traditional charcoal with the convenience and control of gas. Designed for those who demand both performance and style, the XPlor features a sleek, contemporary look and is available in Stainless Steel or Black finishes to suit any outdoor setting.

The XPlor range is offered in 3 formats:

- Inbuilt - for seamless integration into custom outdoor kitchens
- Trolley - for flexible, mobile cooking
- Outdoor Kitchen - a complete solution with a wide choice of configurations

The Xplor Outdoor Kitchen includes the options for a single or double fridge, sink, and benchtop colours in Black or White.

KEY SELLING FEATURES

4 x High intensity ceramic infrared burners, 13 MJ/hr each (52MJ/hr total)

Patented angled infrared burners, delivers even heat distribution, reducing flare-ups and ensuring food is cooked evenly

Robust construction and world-class quality (304 SS with die-cast end panels)

Modern design available in black and stainless-steel version

Use 50% less gas compared to conventional gas BBQs

Perfect for all types of cooking – grilling, roasting large meats, low & slow and even pizza.

The 2-piece upper-level cooking area provides 60% more cooking space
